The American Art-Union,

In the City of New York, was incorporated by
the Legislature of New York for the promotion
of

The Fine Arts in the United States.

It is managed by gentlemen who are chosen
annually, by the members, and receive no compensation.

To accomplish a truly national object, uniting
great public good with private gratification at
small individual expense, in a manner best suited
to the situation and institutions of our country,
and the wants, habits and tastes of our people, the
Committee have adopted the following

PLAN.

Every subscriber of five dollars is a member of
the Art Union for the year, and is entitled to all its
privileges.

The money thus obtained, (after paying necessary
expenses) is applied,

First.—To the production of a large and costly
Original Engraving from an American painting,
of which the plate and copyright belong to the
Institution, and are used solely for its benefit.

Of this engraving every member receives a
copy for every five dollars paid by him.

Members entitled to duplicates are at liberty to
select from the engravings of previous years.

Whenever the funds justify it, an extra engraving
or work of Art is also furnished to every member.

Every member also receives a full Annual Report
of the proceedings, &c., of the Institution.

Second.—To the purchase of paintings and
sculpture, by native or resident artists. These are
publicly exhibited at the Gallery of the Art-Union
till the annual meeting in December, when they
are publicly distributed by lot among the members,
each member having one share for every five dollars
paid by him.

The business of the Institution, out of the city of
New York, is transacted by Honorary Secretaries,
who receive and remit subscriptions, and deliver to
members in their vicinity the Reports, Engravings,
and works of Art. They are forwarded at the expense
of the Institution.

The income of the Art-Union the last year was
\$22,235 dollars, and one hundred and forty-six
paintings, varying in price from \$15 to \$500, were
distributed by lot among its members, and each
member also received a copy of a large line engraving,
"Sir Walter Raleigh parting with his wife on
the morning of his execution."

The committee have already in progress, for the
members of this year, two large engravings, the
Jolly Boatmen, to be engraved by Doney, after
the picture by Bingham, and the Sybil, to be
engraved by Casilear after the picture by Huntington,
of both of which, every member will receive a copy.

The annual meeting and distribution will take
place this year on the 24th day of December.

It is very desirable that the dues of the members
should be paid early in the year, that the
Committee may make their purchases at the best
advantage.

Subscription and payment may be made to the
subscriber, Honorary Secretary for Newport and
its vicinity.

We are now preparing for the Spring Campaign,
having just received from Boston and New York
the largest and most splendid assortment of fashionable
SPRING CLOTHING ever offered in
this town, having been selected from the largest
and most fashionable Clothing Houses in the country;
and, considering they were bought on the

other similar establishment in the State, without
exception. Among them may be found English,
French, and German Cloths.

Frock and Dress Coats,
They seem forever fresh and bright,
And give the wearer great delight;
Cut, pressed, and made in tasteful manner—
They win the envy of the seaman;
While hundreds who have purchased them
Proclaim aloud—"A gem," "a gem."

Pantaloon.

In this department we surrender
To no one, of any gender;
Broadcloths, Doeskins, and Cassimers,
More kinds than we can tell you here.
There's not a form, however poor,
To which they can't impart a cure;
The matchless skill in winding shears,
Plainly in pantaloons appears;
To walk, Sir, in our pantaloons,
Is one of fashion's sweetest boons.

Vests.

A Vest is a most important feature
Upon the breast of any creature,
And should, at least, be neat and clean,

Hereafter none should lack a Vest.

fully satisfied with its performance and general
utility, take pleasure in certifying to the same, and
recommending it to the public as the best thing of
the kind with which we are acquainted. We
would notice more particularly the Oven, which,
by its construction, furnishes a uniform heat, and
the baking is performed with less attention and
more perfectly, than in any Range or Stove that
we have ever used. In a word, it contains many
advantages, and consumes a small quantity of fuel.

PENCIL SKETCHES OF TRAVEL.

—LETTER VIII.

AMERICAN HOUSE, Cleveland, Ohio, June 5, 1847.

MY DEAR SIR:—

I arrived here last evening at 11 o'clock.

After leaving Erie, we had a rough time,
until six o'clock last evening, when the
wind subsided, and the water soon became
smoother, so that the passengers came forth
again from their state-rooms,—but the ladies
looked like drooping lilies. Their rosy
cheeks had become ashy pale, and their
lank forms told a sorrowful story: After
taking tea, they soon revived, and, joining
in the merry dance, their faces became animated
again, and by 10 o'clock, you could hardly
have told that they had been the innocent
victims of so much suffering, a few
hours before.

The Lake steamers are much slower
than those at the East, and a large majority
of them do not sail over ten miles an
hour; if a boat can make twelve and thirteen,
she is considered very swift.

We had an abundance of babies and
nursing infants on the boat, as usual, in order
to make up the variety; and when all
other music ceased, and there was nothing
else to divert our attention, we could invariably
be accommodated by these little music
boxes. It is strange that people will
travel with them, to the great annoyance of
every one. Children should always be
kept at home, until they are large enough
to take care of themselves.

As we approached the wharf at Cleveland,
our band commenced playing sweet
airs, which were continued until I left
the boat, and had reached the Hotel; they
always play on entering and leaving port.

Nothing could be more delightful than a
passage up the Lakes, on one of these
steamers, just previous to a Presidential
election. I am told that political meetings
are held, by both parties, gathered as they
are from all parts of the country; and the
most enthusiastic stump speeches are made
by the advocates of one party, and answered
by those of the other. Many eloquent
orators are frequently on board, and the
passengers have an opportunity of hearing
the principles of both parties ably discussed,
in an ingenious and soul-stirring manner.

On board the "Baltic" we had some
most amusing characters, who made fun
enough to fill up our idle moments, when
we could find nothing else to amuse ourselves
with. Some of them were regular
Western novelties, and their mode of arguing,
and the terms used to convey their
ideas and express their thoughts, were absolutely
irresistible. Then again, we had
several simon-pure Yankees, fresh from
Connecticut, who were going West on a
speculating mission,—and when these two
sets of original characters were drawn out
in battle array, for a tough kind of argument,
the passengers would all draw around
them with as much interest as if some
Roman orator, direct from the ancient Senate,
was to address them. Each hated the
other, and looked upon them as a sort of
natural curiosity, half human and half
brute. The peculiar phrases of each were
ridiculous to the other, and thus the "Hoo-
sers" and "Yankees" battled away, until
one or the other retired. I have not yet
become sufficiently skilled in the dialect of
the far West, to give you a description of
any of their dialogues.

We, at the East, have but an indefinite
idea of the size and extent of these Lakes,
and of the vast amount of shipping upon
them. At this place, the Lake is sixty
miles wide, and at others it is much broader,
—this, however, is one of the smallest of
them. In passing up, if you take a survey
of the scene around, you can hardly
divest yourself of the idea that you are
not on the bosom of the ocean; and, in a
rough time, the fancy becomes a sufficient
reality, especially for those who are sensitive.

To give you some little idea of the business
that is transacted on these Lakes, let
me say that it is not an uncommon occurrence
for twelve large class steamers to ar-

rive here in the course of two hours, from
Buffalo, Detroit and Chicago, and they are
all loaded with passengers. They usually
stop here an hour, or two; and send word up
to the city at what time they start. This
is rendered necessary for the convenience
of passengers, as there is no regularity in
the arrival of any of the boats,—sometimes
they are detained by a strong wind and
heavy sea, and if they do not arrive at
Detroit before night, they are compelled to
remain there until morning, as it is unsafe
to attempt to cross the bars and flats in the
night.

As I am obliged to hurry on from here, I
shall not say anything of Cleveland at
present, but reserve my remarks until my
return, when I hope to have an opportunity
to see more of the place than the mere
hasty glance which I have now taken.

Yours always, FLOREN.

In a Western paper we notice the
marriage of Miss Clementine Freckles to
Mr A. Blush. It is very proper that a name
so ugly should be hidden in a blush.

"Hello Thar!"—As the boats pass along
the Mississippi, it is customary to see a raw
boned fellow on shore, hailing them with,
"Hello, thar! Any feller on board that ere
boat who ain't in favor of General Taylor?"

A 'Lady in Black,' who has been
passing herself off as a 'Spanish Countess,'
and humbugging the verdant citizens of
Gotham with presentations to great wealth,
has been arrested in that city for a grand
larceny, she having stolen a quantity of
clothing, &c., worth \$64 from a boarding
house.

TO THE BEAUTIFIERS OF THE COMPLEXION.

Do Venus and Nymph Soap, composed of an
eastern botanical discovery of surprising efficacy
for rendering the skin soft and fair, as well as imparting
a delicate roseate hue to the complexion.

As a creator and conservator of that most distinguishing
charm of female loveliness, a transparent
fair skin, Jules Hauel's Nymph Soap, or Eau
Divine de Venus, may be said to exert an almost
magical influence. Composed for the most part of
oriental balsamic plants, to the utter exclusion of
all mineral admixture, it is distinguished medically
for its extremely bland, purifying and soothing
action on the skin; and by acting on the pores and
minute secretory vessels, expelling impurities from
the surface, allays every tendency to inflammation,
and, by this method alone, effectually dissipates all
redness, tan, pimples, freckles, sunburn, and other
unsightly cutaneous visitations, so inimical to female
loveliness. Its use will change a most bilious
complexion into one of radiant whiteness;
while on the neck, hands, and arms, it bestows a
delicacy and fairness which its continued use will
happily protect, with every appearance of youthful
charm to the most advanced period of life.

New and Important Arrangement.

W. GOFF has the pleasure of informing his
patrons that an arrangement will be com-
pleted in the course of next week by which he
will be able to furnish the third and latest edition
of the New York Express, which goes to press
only one hour before the steamers leave for New-
port and Fall River. This will be a new and im-
portant feature in Newspaper Agency.

I would further state to those who subscribe and
receive their daily papers by mail, that they are
paying Two Dollars and seventy-four cents per
year more than it costs to receive them of me.

Merchants, too, who generally have a quick eye on
the Markets, can always get the latest price current
before the mail is distributed.

Lots of Books constantly on hand, and
scarcely a steamer arrives from New York, but
furnishes something new in the department of
literature.

prices with despatch.

TUESDAY, JUNE 20, 1847.

BY O. F. JACKSON, 91-THAMES ST.

THE WEATHER.—To say that it had been warm for a few days past, would not be sufficiently expressive,—*hot* is the only word that can convey any adequate idea of the intensity of the heat. The New York Express says that last Friday was the most oppressive day that they ever experienced in the city. The Boston Transcript says that in that city, at 2 o'clock in the afternoon, the mercury in the thermometer stood at 96 deg. Fahrenheit. In Providence the mercury stood at 90 deg. In this town, on Friday, in Thames street, the thermometer stood at 82 deg., while on the hill, in the vicinity of the boarding houses, it only stood at about 75 deg. This was at 2 o'clock p. m. Sunday was the hottest day we have had in Newport since 1841. The following table will show the highest point at which the mercury in the thermometer has attained for the last seven years:

1840,	11th June,	89 deg.
1841,	8th June,	90 deg.
1842,	17th July,	96 deg.
1843,	1st July,	87 deg.
1844,	several days at	86 deg.
1845,	18th July, 25th Aug.,	83 deg.
1846,	11th July,	85 deg.
1847,	27th June,	90 deg.

This statement was furnished us by Dr. R. J. Taylor, who has kept a thermometer table for the last thirty years, and he says the thermometer has not, during this length of time, stood higher than 95 deg., and has only attained that point but once or twice.

OUR HOTELS.—No city or town in this country can boast of better Hotels than Newport can. Our first-class houses are large and convenient, and they are conducted in a manner a little superior to those of any other watering place. The *Ocean House*, by Mr. WEAVER, is well known, and anything that we might say in its favor could not add to its popularity in the estimation of those who have ever had the pleasure of a stay at the "Ocean." Mr. WHITE, who assisted Mr. Weaver last season, and gained to advantage a reputation in the estimation of the visitors there, is with him this season, and he, together with Mr. Weaver, will do all in their power to add to the comfort and pleasure of their guests.

The *Atlantic House*, by Mr. PORTER, is very pleasantly situated, and is furnished in a neat and tasty manner. The "old stone mill" is directly in front of this house.

The *Bellvue House*, by Messrs. HAZZARD & ARMSTRONG, is surrounded with beautiful shade trees, which adds very much to the comfort of those stopping at this house. It is kept in a manner second to no other house in the country, and Mr. PERHAM is ever on the *qui vive* for the wants of their guests.

Besides those enumerated above we have other Hotels. The *Eagle Hotel*, by Mr. VANS; *Pelham street House*, by Mr. HORTON, and the *Park House*, by Mr. HAZARD, all of which are good houses.

We will venture to say that perfect satisfaction will be given to those who may patronize either of these Houses.

MOONLIGHT EXCURSION.—Our suggestion in regard to an evening excursion it seems was not in vain. It will be seen, by reference to our advertising columns, that Capt. Woolsey has consented to make an excursion with the Perry this evening up the Bay, around Providence Island, and back to Newport, thus affording a delightful recreation after the toils of the day. A band of music has been engaged, and no pains will be spared by Capt. Woolsey to make the excursion a pleasant and agreeable one, and we hope to see her well patronized, so that he may be induced to give other excursions, for we know of nothing more delightful than a sail about Narraganset Bay interspersed as it is with beautiful Islands on a moon-light evening. The Perry leaves Sayer's wharf at 8 o'clock.

Our town, in a few days, will be as full of life and gaiety as ever it was, and we think more so, for several families who have not been here for a number of years, have engaged rooms for this season, and the accommodations for visitors are more extensive than ever they were before.

Joseph R. Chandler, Esq., Editor of the U. S. Gazette, has been chosen President of the board of directors of Girard College.

FROM VERA CRUZ.—Additional particulars of the assault on the specie train are given by New Orleans papers. Our loss is stated at only five to seven killed. The most desperate charge was made, doubtless through mistake, on the portion of the train carrying ammunition supposed it specie.

An old Priest of great distinction, at Alvarado, received, on the 8th instant, a letter from his brother in the city of Mexico, to the effect that Herrera's election would take place on the 20th of June, and would be supported by the United Church Party deciding the issue of peace or war. The letter declares that a continuation of the war would be the downfall of the Church, that it behooves them to unite with the peace party and put an end to the war,—that immediately on Herrera's election being decided, propositions for peace will be made to our government and concluded in a short time afterwards. Information through this source has always been found reliable.

Commodore Perry and the squadron had sailed for Tabasco. The Mexicans were determined to station troops along the banks of the river, and fire upon the squadron as it goes up. They have two thousand good troops there. Commerce Perry has but one thousand troops and marines to oppose this force.

The Matamoros Flag of the 9th instant gives particulars of the wreck of the brig *Mobile*, of New York for the Brazos, with one hundred light troops on board, part of which were saved by the schooner *Madonna*, of Philadelphia, and have since arrived at the Brazos.

General Taylor is not to advance on San Luis, as General Scott had required seven of his (Taylor's) ten regiments to join him via Vera Cruz. It is thought, however, there will be some skirmishing between Monterey and Camargo, as Urrea is in the vicinity with four thousand cavalry.

LATER FROM VERA CRUZ.—A party left Puebla for Vera Cruz under Capt. Bainbridge, and were attacked several times on the route by guerrillas. They lost five men and one wagon. The Mexicans were repulsed. Capt. Bainbridge succeeded in reaching Col. McIntosh's camp. They then attacked the camp and fired upon it all night. Capt. B's command reached Vera Cruz safely.

The party under Capt. Dupers was attacked by a superior force, but repulsed them, killing several, with a loss of three killed and three wounded on our side.

Gen. Cadwallader joined Col. McIntosh with a reinforcement at the National Bridge when the whole were attacked in force by the Mexicans. The battle lasted several hours. The Mexicans were defeated with a loss of 100 men. The Americans lost 15 killed and 40 wounded. The train then moved forward to Jalapa.

The station at Jalapa had been broken up. Gen. Scott having opened a road to Tuzupan for supplies.

Gen. Shields had joined Gen. Scott with 1000 men.

Not much sickness prevailed at Vera Cruz or the castle.

No preparations were making by the Mexicans for resistance between Puebla and the capital. 20,000 men were reported to be in the city of Mexico.

Gen. Scott will remain at Puebla till reinforced.

Santa Anna had resigned his civil and military stations a second time; not accepted.

Five Mexican generals had been arrested and sent to different states for confinement. A new pronouncement had been issued at the capital, which was promptly put down.

The Funeral Escort from the State Arsenal at New Orleans on the 12th inst., having in charge the remains of Col. McKee, Lieut. Col. Clay, Capt. Willis, Lieut. Vaughn, and Private Trotter, was a melancholy, impressive affair, composed of the Orleans Battalion of Artillery, the staff of the Legion, the commanders of military corps, the city authorities, and a large concourse of citizens. Many of the officers and soldiers who were with the gallant dead in Mexico, also joined in the procession. The officers of the regiment to which Cols. McKee and Clay belonged acted as pall-bearers. During the day, the hoarse voice of the cannon sung the requiem of the gallant dead, and the banner of our country drooped, as if in mournfulness, midway from the tall masts of the shipping. The streets were thronged with thousands of persons, who gazed with aching eyes and solemn hearts on the funeral scene.

SANTA ANNA'S WOODEN LEG.—Barnum advertises for exhibition at his Museum in New York, the wooden leg taken in Santa Anna's coach at the battle of Cerro Gordo. The New Orleans papers state that that "trophy" is in possession of the Illinois volunteers, and the National gives the following particulars connected with its history:

After Santa Anna returned to the city of Mexico, following the loss of his limb, and was restored to power, he often appeared in the streets with a crutch, and attracted a great deal of sympathy from the people. An ingenious boot-maker, after much time and expense, constructed the leg now in the possession of the Illinois volunteers. Santa Anna fixed it on, and was so pleased with the addition to his person, that he made the shoemaker a Colonel in the Household Guards, stipulating in the commission that the boot-maker's military duties should never interfere with the manufacture of his (Santa Anna's) wooden legs.

Rev. Mr. Kidder, editor of the Sunday School Advocate, New York; and Rev. Mr. Wise, of Providence, will address the Sabbath School connected with the Methodist Episcopal Church at 8 o'clock this evening on the subject of Sabbath Schools, in the Methodist Church.

SINGULAR COINCIDENCE.—The Springfield Gazette says that a man was sentenced to the House of correction in that town, for stealing a watch from the store of Jonathan Bangs. The same man was sent to the State Prison 16 years ago, for stealing the same watch from the same nail in the same store belonging to the same man.

NEWSPAPER POSTAGE.—Newspapers now can be sent from the office of publication without pre-payment of postage, and, we presume, at the ordinary rates of postage,—in the same manner as if sent to newspaper subscribers. If this is not so, and more than the old rates are demanded, it is in the power, as we have already set forth, of any person to whom a paper is thus sent, to hold the Postmaster refusing to deliver that paper, at the ordinary rates, responsible for the detention, before a Justice of the Peace. —N. Y. Express.

CHAPEL OF THE MEDICI.—This celebrated chapel is in Florence. It was commenced in the year 1000, but it is not yet complete. Although very extensive, it is said that so large is the sum already expended upon it, that its weight in gold would hardly purchase it. Twenty millions of francs have been laid out, and millions must yet be added before its completed. It is the mausoleum of the Tuscan Princes, and is embellished by the choicest works of genius, both in sculpture and painting.

A GREAT VESSEL.—The steamship United States, one of the four packets of 2200 tons intended to ply between New Orleans and Liverpool is to be a most superbly constructed vessel, its engines alone costing \$115,000. These are building in New York at the immense establishment of the Messrs. Secor & Co. The United States is to have four wrought iron boilers, with two side lener marine engines of eighty inch cylinder and nine feet stroke, with iron water wheels, each of the power of more than 1000 horses. We understand that the United States will be ready for sea about the 1st of October.

COOLNESS OF GEN. WORTH.—During the bombardment of Vera Cruz this gallant officer, finding his horse considerably exhausted, despatched a servant for a bucket of water. Just as the man was raising the bucket to the horse's mouth, a large shell struck the ground at the distance of a few yards. The man started in terror; but Gen. Worth, observing the fire was not quite burned out, said peremptorily, without moving, "Halt—empty your bucket on that thing!" The man mechanically obeyed, and Gen. Worth captured the shell whole. It was 12 inches in diameter, and weighed about 120 pounds.

The Alexandria Gazette says that harvesting was commenced in the neighborhood of that city Tuesday. The quality of the wheat is excellent and the yield very good.

This may certify that I have used Pool's Lotion, (as prepared by Messrs. Ames and Olds) for Scalds, Burns, Bruises, &c., and am happy to say that I believe it is all it purports to be.

JOSEPH KENDALL, at H. N. Hooper & Co., Commercial St. I can cheerfully testify to the above as I have known its good effects for two years. S. S. MERRIAN, at the Machine Shop of the Boston & Worcester Railroad. Sold in this town by Wm. H. Greene, and M. Freeborn & Co. Jan. 8.

Dr. Hanning's Patent Body Lase, For Weakness of the Body.

The following letter is submitted to a discerning public, and the proprietor is enabled to refer to many individuals—whose testimony will satisfy the most incredulous. Be particular and get Hanning's Lase, and be put off with nothing else.

WARREN, August 22, 1846.
Dr. Boardman—Dear Sir:—Now being about leaving for home, I am able to give thus far a favorable account of the Lase which I have worn only four days. For more than four years I have suffered greatly from dyspepsia, that scourge of our race. My food has always been so troublesome that my stomach would reject it almost every day—my bowels always constipated—my head always feeling heavy and unpleasant, and my spirits greatly depressed. I was unfitted for any regular business, and till I saw you, I had given up the hope of ever being better. I had consulted many physicians and in Boston, those the most celebrated, and spent nearly all the money I could earn, upon them and medicines. Since I have worn the Lase, all these symptoms have in a great degree vanished, and now, it seems to me, I shall be well again. I find my body regaining its erect position—the spitting up my food is pretty much over, my spirits and energy are returning, and I feel like a new man.

Sept. 4. S. W. HILL.

DORCHESTER, Mass., June 15.
Dr. F. Brown—Dear Sir:—It affords me great pleasure to be able to bear testimony to the valuable properties of your Sarsaparilla and Tomato Bitters. You probably remember the situation I was in when I commenced using them by the advice of my friends; the suffering which I have borne for a long time from the effects of a most terrible humor is almost indescribable; it covered my chest and arms, breaking out at times in quite large sores. Medicine after medicine did I try, without the least relief, and I gave up ever expecting to be cured; but at last I was persuaded to make use of your Sarsaparilla and Tomato Bitters; but I must say I commenced with great reluctance, thinking it would eventually fail to relieve me, as all other medicines had done. But how happily have I been disappointed. It has entirely cured me. Nothing that I do affords me more pleasure than recommending your Bitters to persons similarly afflicted, and I do most earnestly recommend all to try them before they give up, supposing there is no relief. I now value them so highly I keep them in the house, and use them in my family, as I consider them the best, pleasantest, and most thorough medicine now in use, removing all impurities, carrying off all bile, without weakening the system, or being obliged to change your diet.

After showing this to any one, if they are not perfectly satisfied, ask them to call on me, and I will explain my case more fully, which it will afford me great pleasure to do.

JUNE 18. DANIEL PLUMMER.

Dear Sir:—I take pleasure in communicating to all whom it may concern, and the public generally, the astonishing effect your truly wonderful medicine has had upon me. I have enjoyed perfect health for four or five years. Physicians told me that my liver was diseased, and that I might someday die with consumption. Last September, 1845, I took a slight cold, which produced a hacking cough; this continued until February, 1845, when I added another cold; my cough increased, I soon lost my appetite, and my strength failed. For six weeks I could not lie upon one side; I sweat very much nights, raised considerable blood during the winter, and could not speak aloud for two weeks. With all these bad symptoms, I had very severe pain in my side and between my shoulders; general debility followed. I was confined to my room about eight weeks. I had buried a sister and brother, both died with the Consumption. I expected to die myself; my friends also despaired of my life. At this time an uncle, who had been benefited himself, advised me to take

WISTAR'S BALM OF WILD CHERRY. I accordingly procured a bottle, took it, and felt some better; obtained another, and a third; then I began to bleed and my cough was much better; but my disease was so deeply rooted, I was obliged to continue taking the Balm until I had taken seven bottles. I can honestly and truly say, I believe Dr. Wistar's Balm of Wild Cherry saved my life.

We are personally acquainted with Mrs. Gould—assisted in taking care of her during her sickness, believe and know the statement to be true.

MRS. P. C. PRESCOTT, MRS. S. A. BACHELDER, No. 1 Corn Commercial street.

Boston, Mass., Sept. 12, 1845.

Oh, what glorious silky, jet black hair That man and lady have! 'Tis indeed rare! To see such soft, clear hair; yet, as I live! 'Twas a bottle of JONES' HAIR RESTORATIVE.

Gave them those beautiful tresses. Before they used it, Like other silly folks, they abused it; And, though their hair was once gray, harsh and dry One FIFTY CENT bottle they used, and thus defy The world to show lovelier hair. Then, who with had will live, And not use JONES' HAIR RESTORATIVE?

Honestly and truly, there never was as good, or half as good, an article made to force the hair to grow dark, stop falling out, cure the scurf or dandruff, and make red or gray hair dark; it dresses the hair beautifully, and keeps it moist, soft, and silky, three times as long as any other article made.

THE BEAUTIFUL YOUNG LADY OF BROOKLYN AND RADWAY'S CHINESE MEDICATED SOAP.—Last fall we published a letter from a young lady in the city of Brooklyn, who, while on a visit to her friends in New Jersey, had experienced intense pain from the bites of mus quetoos, and great annoyance from the unnatural darkness of her tanned complexion. Her skin had become parched, dry, and unhealthy—covered with pimples, blotches, pustules, freckles, &c., she was recommended by some friends to use, as a toilet emollient,

Radway's Chinese Medicated Soap. A few days' use of this very excellent and superior Soap exceeded the expectation of all; her skin became smooth, soft, pure, sweet, and healthy; her complexion restored to its former prepossessing appearance, all of which owed its restoration to the curative properties and soothing influence of Radway's Chinese Medicated Soap.

This is but one out of thousands of others, who prefer the use of Radway's Soap to all other soaps recommended for the same purposes. We do not pretend that our Soap will restore the complexion of the emaciated victim of consumption to the bright hue of health; as some of our competitors vauntingly claim, and promise to do; but we do pretend to say that Radway's Chinese Medicated Soap stands unrivalled in the productions of Chemists, for the purposes for which it is recommended, and is a superior article to the Euc Divine de Venus and Nymph, (which is introduced to the public by our own matter, which the proprietor of that article has ungenerously copied from one of our Circulars of 1845, without our permission, slightly altering the phraseology of our language to suit his own purpose,) or any other Soap in the market.

Nw we leave the public to judge for themselves. Do you wish to possess a fair, healthy, pure, and sweet skin, free from all spots, blemishes, freckles, pimples, blotches, pustules, ring worms, &c.? use the genuine Radway's Chinese Medicated Soap, which is warranted by us to do all that it is recommended. This soap is sold cheaper than any other article of the kind in the market, and for ordinary toilet purposes it will do more service than other Soaps of three times its bulk. Sold for only ONE SHILLING per cake, by R. J. TAYLOR, C. G. C. HAZARD, and B. H. TISDALE, Newport. Country Agents can be supplied by R. J. Taylor, J. & R. G. RADWAY, June 3 No. 2 Courtland street, N. Y.

TO THE LADIES IN PARTICULAR.
MY DEPILATORY POWDER has been found highly beneficial and of great use to ladies who have been afflicted with superfluous hair, principally when its growth has been confined to the upper lip and side of the face, giving a masculine turn to the whole features. When used with proper care, and according to the directions, it will be found to be a great addition to the toilet, as the use of any sharp instrument is entirely avoided, and the hair is removed in five or ten minutes after its application.
This composition is infallible, and warranted to remove superfluous hair. After numerous trials, I have received certificates of success which cannot be contested. For sale, wholesale and retail, at

AGAINST using Common Prepared Chalk—It is to the skin how coarse, how rough, how low, yellow, and unhealthy the skin appears after using prepared chalk! Besides it is injurious, containing a large quantity of lead!
We have prepared a beautiful vegetable article, which we call JONES' SPANISH LILY WHITE. It is perfectly innocent, being purified of all deleterious qualities; and it imparts to the skin a natural, healthy, alabaster, clear, living white; at the same time acting as a cosmetic on the skin, making it soft and smooth.
Dr. James Anderson, Practical Chemist of Massachusetts says: "After analyzing Jones' Spanish Lily White, I find it possesses the most beautiful and natural, and at the same time innocent while I ever saw. I certainly can conscientiously recommend its use to all whose skin requires beautifying."

Those already decayed it prevents from becoming worse—it also fastens such as are becoming loose, and by perseverance it will render the loosed teeth delicately white, and make the breath delicately sweet.

Miracle.
ON the 4th of August, in the year 1843, a singular scene occurred in the Royal Scientific Institution of France. The aged, white headed President, his head bare, his arms outstretched, his face radiant with smiles, (for science was triumphing) and his voice with gratulatory tone, delivered the following report:
"We are astounded at this singular preparation. Where indeed will science stop! Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every cutaneous eruption, every disfigurement of, and even discolored skin! Where will its magic and singular power cease? The Negro, the Creole, the Yellow Race of the East, and the Red Man of the far West, are alike under the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful, and of changing the color of dark, or black, or brown skin." (Here several persons were brought forward by the President, who had used it, in proof of his assertion.)
There are probably few persons of intelligence, who, after reading the above, will doubt the qualities of JONES' ITALIAN CHEMICAL SOAP, in curing Pimples, Blisters, Salt Rheum, Scurvy, Erysipelas, Sore Heads, Old Sores, Beard and Barber's Itch, Chapped and Tender Flesh, Freckles, Tan, Sunburn, and changing dark sunburn or yellow skin to a pure, clear white, as smooth and soft as an Infant's, and in fact every kind of eruption and disfigurement. Read these certificates:
[From the N. O. Sentinel, Oct., 1844.]
One of our subscribers, Mr. H. Leonard, informs us that he has been cured of old, scaly Salt Rheum, of eighteen years standing, on his head, fingers and hands, by a cake of an article much advertised lately—we speak of Jones' Italian Chemical Soap. He also informs us that he has tried its effects on his female slave Rose, much marked with sun spots, and he found in two weeks her skin much clearer and whiter.
James Elham, a painter in Jersey City, was cured of carbuncles and pimples, which he was afflicted with for many years, by part of a cake of Jones' Italian Chemical Soap.
Persons in purchasing this must always ask for Jones' Italian Chemical Soap; and perhaps, as many who have been cheated with counterfeits, will be too much discouraged to try the genuine, we say to such, try this once—you will not regret it; but always see that the name of T. JONES is on the wrapper. For sale in Newport by

LORRAINE'S PILLS.

All persons require them.

**DR. LORRAINE'S CURATIVE SYSTEM
OF MEDICINE** is rapidly producing achievements
never before known in the cure of diseases. The
immensity of its wonderful results, alone demon-
strate that its principles must be founded on truth.
The relative proportion of Cures by this Medicine
is out of all proportion greater, than by any other
Medicine known.

THE THEORY is, that one blood beats in the
bosom, and flows through the body of every man,
and must be pure, it is the Vital Principle that sus-
tains life.

Physicians, and people of every class are willing
to come forward and announce, in the most public
manner that they have been cured of long standing
complaints—after another medicine had failed.
In fact there can be no doubt but that Lorraine's
vegetable Pill is the best medicine ever offered to
the public.

See a few public statements of men of truth and
virtue.

Lynn, Dec. 17th, 1843.
Sir: I have sold all the pills I last had of you,
please send another lot immediately. The sale of
Lorraine's vegetable Pills is rapidly on the increase,
they are becoming very popular. I sell more and
more every day. As a curative medicine and pu-
rifier of the blood, I think they stand unrivalled.
One fact I have noticed, that no one that has used
them finds any fault with them; they have wrought
some very great cures. One lady, who has been
confined to the house and bed, a great part of the
time, for twenty years, is now cured and able to
work most of her time; after having taken 3 boxes
only of Lorraine's Pills I might name many
other cases where the cures have been as great,
but have not time. Yours respectfully,
J. E. F. MARSH.

Portland, Me., Nov. 7th, 1843.

Sir: Please send us one gross of Lorraine's
Pills, we have sold all we had last. They have
given very good satisfaction, better than any other
pills which we have in our market. I think in
a short time they will take the place of others.
We have had no fault found with them whatever;
but, on the contrary, they have been praised loudly.
I think we could have quite a number of highly
respectable certificates from our citizens.
Yours respectfully,
E. MASON.

Chelsea, Jan. 3d, 1844.

Sir: I transmit to you an account of my case
for publication, believing it to be my duty. I
have been confined with the Rheumatism nearly
the whole winter, have had some of the best phy-
sicians of Boston and could get nothing that would
relieve me more than temporarily. I heard of the
wonderful virtue of Lorraine's Pills, I had no faith
whatever, but I took them, and it is a solemn fact
that when I had taken but eight pills my Rheu-
matism had entirely left me, and I have remained
well ever since.

N. B. I never took more than one pill at a
time and that on going to bed.

Yours respectfully, W. M. HALSTAD.

OPINION OF A SKILLFUL PHYSICIAN.

Sir, the operation of Lorraine's Pills is past any
philosophy to find out, how so small a Pill can
produce such wonderful effects. I find that one
of them will operate more than 3 or 4 of any other
Pill, yet in their operation, mild, gentle and com-
forting. On this account, they are more than 100
per cent, cheaper, as physis, than any other Medi-
cine I know of.

These Pills are now acknowledged by thousands
who take them daily, to be the only medicine that
fairly takes the BANNER from all others. This ex-
traordinary medicine has actually done wonders
within one year past. They cause no pain or un-
easiness of any kind in their operation, and require
neither change of diet or care of any kind.

The attention of the reader is respectfully called
to the important results from the use of these Pills.
It will be seen, however great achievements have
heretofore been made by the use of this invaluable
medicine, still greater and more remarkable cures
daily happen.

**Bogle's Hyperion Fluid; Or Vegetable Hair
Composition.**

THE subscriber has been induced to bring this
article before the public, at the request of his nu-
merous customers, among whom are physicians
and citizens of the first respectability, who have
adopted its use in their families, and wish others to
participate in its advantages.

The Hyperion is composed of vegetable ingredi-
ents, the secret of compounding and blending which
is known solely to the subscriber. It is an article
in which a cleansing and purifying wash is
beautifully blended with a most delicate, silky
and glossy moisture never before attained, yet free
of animal grease or essential oils. It clears the pores
of the skin, causes a healthy action in the blood
vessels, nerves, &c., which feed the hair, thereby
preventing BALDNESS AND GREY HAIR.

It entirely frees the skin from Scurf, Dandruff,
and other cutaneous diseases, disposes the hair to
curl, and changes the hardest hair into the most
soft, glossy, and healthy state, also imparts to it
a darker color, and the free use of it, both on the
skin and hair, in a most healthy and luxuriant
state until the latest period of life.

Ladies will find the Hyperion a great addition to
the toilet, both on account of its delicate and agree-
able perfume, and the great facilities it affords in
dressing the hair, which, when moist with the fluid,
can be dressed in any required form, so as to
preserve its place, whether plain or in curls.
When used on children's heads, it lays the foun-
dation of a good head of hair.

DR. BANNING'S PATENT LACE!

An immediate Relief to Incipient Consumption, the
Bronchitis of Public Speakers, Palpitation
of the heart, Dyspepsia, Spinal Weak-
ness, Piles, Protrusion, and Diseases
of Women, without Medicines.

THIS instrument has been examined by Drs.
Mott, Rodgers, Francis, and Grison of New
York, the Faculty of Pittsburgh, Hartford, New
Haven and Middletown, and has obtained for itself
their favorable testimony. The following will
show what kind of testimony might be produced
in many cases:

Middletown, June, 25th, 1843.

Dr. Boardman,
Sir—In answer to your inquiry respecting my
case, I will merely say, that I have been sick since
I strained my breast and loins in May, 1836, from
that time continued to grow worse, when in the
fall of '39, I abandoned business, and have not
done any thing since. I suppose from all I could
learn about my case—frequently raising blood,
coughing very hard and expectorating profusely,
deriving no benefit from my physicians, and all
medicines recommended to me, that my case was
hopeless. Last winter my brother told me he had
heard a good account of Dr. Banning's Lace in
such cases, and was anxious that I should try it;
accordingly I procured one from you, and since I
began to wear it, my breathing, which was very
short and laborious, has become easy and natural;
the pain and fluttering or palpitation of the heart
has subsided; cough and expectoration greatly
lessened, my limbs which were exceedingly pain-
ful have become useful, so that I can walk com-
fortably. I am able to shave myself with comfort,
which for many years I have not been able to do.
The pills, which have troubled me for nine years,
are nearly eradicated. I work some in the garden,
and am able to ride 4 miles at once with pleasur-
and benefit. Yours, &c. WM. RASNEY.

Dr. G. M. Boardman,
Middletown, June 25, 1843.

Dr. Boardman,

Dear Sir—In answer to your inquiries re-
specting the effect of Dr. Banning's Lace in the
case of my wife, I will state that for twenty years
past, she has been afflicted with a complication of
complaints to which females are subject. She has
tried all the physicians and all the medicines re-
commended for such complaints, without regard to
expense, and found only temporary relief. Her
most distressing complaints, palpitation of the
heart, oppression and a sense of great weight at
the pit of the stomach, prolapsus of the womb, &c.,
were believed after wearing the lace two hours, and
she has continued to improve daily. With this
view of the case I cannot use language strong
enough to convey my approval of the instrument.

STEPHEN BROOKS, JR.

Providence, Feb. 26, 1846.

Doctor Boardman,—Dear Sir—I now take my
pen to inform you that my wife's health has im-
proved very fast for the last two weeks from wear-
ing one of your Laces. She has been out of health
about two years and has worn a different Supporter
from yours, which had only two pads. She re-
ceived some benefit from that—but it would not
produce a cure. But now I can say with pleasure
that she is as smart as any of the young girls in the
neighborhood. She can now run up and down
stairs as fast as I can, and I feel so well pleased
with it that I hardly know how or what to write.
But one thing I do now, that she has been under
the care of seven Doctors in one year—and wear-
ing your Lace two weeks has or will do the cure
in a very short time. I want to write more, but I
have no time. I am truly, your friend and well
wisher.

Doctor Boardman, proprietor of Bannings' cele-
brated Patent Body Brace, for this state, has taken
rooms at No. 8, Broad street, where he may be con-
sulted, free of charge. He is enabled to treat, suc-
cessfully, cases of Rheumatism, Neuralgia, Head-
aches, Deafness, loss of Voice, Bronchitis, Weak-
ness and curvatures of the spine, and chronic dis-
eases generally. He is enabled to refer to nume-
rous cases in Providence, and this town. aug. 28

great importance to the medical world. If the
human system has become weakened, from Con-
stant Pain, SCROFULOUS DISEASES, RHEUMATISM,

LIVER, LUNGS OR KIDNEYS, PALPITATION OF THE
HEART, SPASMS, PAIN IN THE BACK, SIDE OR

mals, Burns, &c.

As a Pain Extractor, persons who have suffered
the most excruciating pains from Rheumatism,

able Pain Extractor, been relieved from all suf-
fering, and in a few days been soundly restored to
health.

As a Strengthening Plaster, individuals who
have laid upon a bed of sickness and suffering for
months—who have become so weakened and
worn out of life that death would be a blessing,
have by the means of this Salve spread as a plas-
ter and applied according to directions to the parts
affected, been strengthened and restored back to
life—blessing the Salve as the only remedy by the
grace of Providence by which they were saved.

Reader, are you afflicted with any of the above
diseases—have you tried other remedies without
effect—have you been pronounced incurable—if
so, try this Salve—if nature can furnish means
to cure you, you will be cured by the use of Coon's

Extract of a letter from Hon. Hartman Knicker-
backer, Esq., late first Judge of Rensselaer
County, N. Y.

I was myself attacked with a severe pain in my
ankle and leg, and swelling ensued to an enor-
mous extent, my physician could not relieve me,
after suffering severely a number of days and an
increase of pain and suffering I was considered
dangerous; at this crisis my neighbor prevailed upon
me to try a plaster of this salve which I did, and
in half an hour I became easy and rested well. I
continued this application and in a few days I was
well. It cannot but prove a blessing to mankind,
if they can be furnished with it.

IT is now about ten years since this medicine has
been introduced to the public, and it stands unri-
valled in its effects, bearing the test of the severe
scrutiny of all classes, both friendly and unfriendly.
It is but for one purpose;—for the use of Mothers
who have to pass through a sea of affliction in
giving birth to mankind, not to be described. It
is to you we make an appeal. It is for your re-
spect and general good that you should make use
of one bottle of the MOTHER'S RELIEF before
confinement. Then you can approach the par-
turi-ent chamber without feeling as if you were go-
ing to the chamber of death. You may rest as-
sured it will still all ferbrile and nervous action.
It soothes and shields from irritation and by its
peculiar properties it destroys the cause of her-
morrhage or inflammation that so often attend and
follow the hour of parturition. It causes sweet
and natural rest, and at last facilitates the birth,
so that Mothers have not to pass through such
excruciating pain and distress. The Mother's Re-
lief may be depended upon in all cases of threat-
ening abortion where it is possible to be prevented
in cases of Spasms, &c., causing frequent alarm,
from two to three doses will give immediate relief.
The subject is one that cannot with propriety
be fully discussed in this public manner, we invite
all who feel interested to call on our agents (most
of the respectable Druggists in the United States,) or
on the manufacturer, and they will be furnished
with a pamphlet in which they will find all the
facts to form a correct opinion of its merits, and
also the opinions of many physicians of eminence,
and of persons who have become acquainted with
its beneficial effects.

CAUTION TO PURCHASERS.—Ask for Bar-
tholomew's Mother's Relief. None is genuine un-
less our signatures are found within the wreath
of the direction that is pasted on the bottle, signed
with our own hand, and over the neck of the
bottle is a facsimile of our own hand writing also.
By attending to the above directions, no one need
be imposed upon. All orders will be promptly
attended to.

**DOCT. EMANUEL'S BALSMIC LUNG
AND COUGH JELLY.**

THE materials of this Jelly are purely vegetable
and balsamic, and are the invention of an emi-
nent physician, from whom the proprietor has pur-
chased the recipe. It is certainly worth its weight
in gold, but is put at a price to be within the reach
of rich and poor.

Names and residences of persons residing in the
city of New York, who have been cured or benefi-
ted by Dr. Emanuel's Balsamic Cough and Lung
Jelly, when it was prepared in another form:

Mr. Hiram Anenits, 113 William-st., N. Y., had
for some time, a dreadful pain in his side and chest,
with a hacking cough, and shortness or difficulty
of breath. He used part of a bottle of Dr. Emanuel's
Balsamic Lung and Cough Jelly, which perfectly
cured him.

Mrs. Morgan, Front-st., Brooklyn, had a very
obstinate cough and cold. She tried every other
remedy in vain, and Dr. Emanuel's Balsamic
Lung and Cough Jelly entirely cured her.

Reader, reader, let the glad voices and grateful
hearts of those respectable citizens of New York,
appeal to your hearts and understandings, if you
are afflicted with any pulmonary complaint,--
cough, cold, &c.

Mrs. Morgan, 162 Front-st., Brooklyn.

Dr. EMANUEL,

Dear Sir:—You may perhaps think my state-
ment incredible. My reason for fearing so
is the fact of your never recommending your
Jelly for the cure of confirmed consumption, but
only in its primary or first stages. I have every
reason to believe that I was in its last stage; my
physician told me so; my friends told me so; as
well did my symptoms, for they were truly alarm-
ing; and I felt fully convinced, that unless relief
was obtained, I must soon be consigned to the
narrow confines of the silent grave. But by the
timely use of your remedy, I still live, and again
enjoy my former good health. I had, indeed, dear
sir, all the alarming symptoms you speak of as
forming consumption in its worst stage; but by
the use of your Jelly, I again say, I am cured.

Yours, dear sir, with great sincerity,

ISAAC J. BEED.

And now, reader, having given you a plain
statement, let me conjure you to pause, ere it is too
late; try this Balsamic Lung Jelly—try it. I have
put its price to you as low as I can afford; if you
use it, and succeed in curing yourself, I shall have
the gratification of having rescued another from
consumption; and I hope, in return, that you will
not withhold from me your name, and a statement
of your cure.

MY EAU LUSTRAL HAIR RESTORATIVE.

This universally approved and admired article,
free from ardent spirits, pungent essential oil, and
other destructive materials, cleans the hair ex-
traordinarily, renders it beautifully bright, and imparts
to it the delicate fragrance of the flowers. Hair
washed with this Extract soon becomes pleasingly
soft and luxuriant in its growth, and it will po-
sitively bring in new hair on bald heads by its use;
and hair that has been made harsh, and is turning
gray or falling out, by the use of spirit or other im-
proper preparations, will soon be restored to its
natural color and brilliancy, by a few applications
of the Eau Lustral.

It is a preservative against baldness, and an
infallible cure in all affections of the skin on the
head, as dandruff, and for preventing the falling
out of the hair and turning gray.

Evidence.—Nature is an inexhaustible mine, in
which experience and study will always find room
to excavate; it is
